GOVERNMENT OF WEST BENGAL

ADMINISTRATIVE CALENDAR

2015

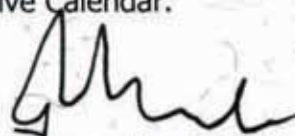

Foreword

Last year, my government, launched an entirely new experiment in effective governance. The Administrative Calendar, 2014 was prepared and distributed throughout the government machinery. It was supposed to be an easily accessible reference point for all government activities for the calendar year, 2014. It was also aimed at streamlining the state administration and provide time-bound services to the people.

I am happy to note that at the close of year 2014, the Administrative Calendar turned out mostly a success. It enabled regular monitoring of departmental activities by the Secretary and the Minister-in-Charge. It allowed focussed periodic reviews by the Chief Secretary. It also provided my office with a very useful template for supervision, monitoring and evaluation.

Our vision is to have hundred percent success. In government, the key to ensuring success and long-term sustainability, is to firmly embed it in the regular functioning of the government. To my mind, the Administrative Calendar meets both the criteria. I have no doubt that this volume for the year 2015 will once again meet the objectives set out for the Administrative Calendar.

(Mamata Banerjee)

A brief update on the achievements of the Government

Administrative Calendar-2014 listed out various development activities based on targets of different departments of the Government of West Bengal. Those were carefully monitored throughout the implementation period. Substantial progress was achieved. An update of the main achievements is given below:

- Tough, purposeful policing and a whole-hearted pro-people development thrust ensured that Jangal Mahal continued to be peaceful. There were no LWE-related incidents and deaths.
- The situation in Darjeeling improved substantially. The repeated visits of Hon'ble CM set the tone for a renewed thrust on development.

Department of Irrigation & Waterways

Irrigation & Waterways Department is responsible for management and development of surface irrigation from reservoirs / barrages or through intricate canal networking systems. Upkeep and improvement of around 10,400 km length of river and sea embankments and improvement of drainage channels to provide a reasonable degree of protection to the millions of people living in flood prone areas, almost 43% of the total geographical areas of the State is also another challenging task of this Department.

During last three and half years, Irrigation & Waterways Department has

Completed construction and renovation of irrigation canal for a total length of 979 km;

Completed improvement of flood embankments including anti-erosion works for a total length of 1055 km;

Completed re-excavation of rivers and drainage channels for a total length of 398 km;

Undertaken construction of 105 numbers of RCC road bridges on rivers and drainage channels. Many of those have been completed. Projects for construction of further 103 bridges, often in replacement of old and dilapidated wooden bridges have also been posed under various funding sources.

Few Noteworthy Achievements of MA & ME Department : 2014

The government has been incessantly trying towards socio-economic development of minorities. Many of the significant social or economic shortcomings cited by the Sachar Committee have been addressed during the past three years.

1. **Aliah University:**

New Campus of Aliah University on 20 Acres of land at New Town involving around Rs. 236 Cr. was inaugurated by Hon'ble Chief Minister on 11.11.2014.

Further, construction work of Aliah University Campus at Gorachand Road involving Rs. 62 Cr. will also be put to operation shortly.

Two Hostels [One for Girls' (830) and another for Boys' (1240) for accommodating about 2070 students are also being constructed at New Town.

2. **Minority Bhaban:**

Minority Bhabans have been constructed in all the districts to ensure easy access for the minorities by providing a single window facility. Till now 15 such Bhabans have started functioning. Rests are expected shortly.

3. **Stipend & Scholarship :**

Scope for Stipend & Scholarship to the poor & low income group Minority Students have been increased manifold. Rs. 991 crores has been disbursed as different types of Stipend & Scholarship to around 57.00 lakh Students belonging to Minority community so far.

Some of the proposed Agenda of MA & ME Department for the year 2015

1. **Digital Literacy of Students of Madrasah :**

A new programme has been initiated for providing basic knowledge of computer operation to all Students (Class-VI and above) of Madrasahs. 39 hour Basic Computer Concepts (BCC) syllabus of National Institute of Electronics & Information Technology (NIELIT) will be imparted followed by certification by NIELIT. This will enable them to use Information & Communication Technology (ICT) at their day to day life (Target is to cover around 4.00 Lakh Students).

2. **Aliah University :**

New Town Campus of Aliah University equipped with all the modern facilities has been put into operation on 11.11.14 and will definitely take a leading role to enhance scope of Higher Studies at different fields.

3. **Hostels for Boys & Girls :**

Construction work for 279 hostels have been taken up. Some more are also on the anvil. This will have a positive impact on Higher Education.

4. **Skill Development Training :**

More structured Skill Development training programme has been initiated. The target is to impart Vocational Training to around 25,000 trainees at different trades across the state. The skill training will facilitate wage employment opportunities in different sectors.

5. **Loan & Scholarship :**

All possible avenues are being explored to enhance scope for scholarships & loans. While scholarships will encourage Higher Education, loan will increase the possibility of self employment. The twin intervention will ultimately improve the socio economic condition of the minority community. About 25 lakh beneficiaries from minority communities will come under these programmes.

Department of Parliamentary Affairs

The Parliamentary Affairs Department discharges functions which are of both statutory and non-statutory nature.

In the statutory category, the Parliamentary Affairs Department deals with the matters which take care of the relationship between the Executive and Legislature in a Parliamentary System of Government. These matters are dealt with and most expeditiously disposed of by the Department as and when the issues come and it is hardly possible to fix the target or set dates for such activities.

In the non-statutory category of activities the Parliamentary Affairs Department runs the Schemes of Youth Parliament Competition. The Scheme comprises holding competition in Mock Parliament, Quiz Contest, Extempore Speech Competition and also the State Level Essay Competition both for school and college students. The broad object of these schemes is to acquaint the young generation with the parliamentary procedure and practices in the country and to instill in the young minds a sense of respect and commitment to the institutions of Parliamentary Democracy in the country and to prepare them to play the role of responsible citizens and leaders in a Parliamentary Democracy. The ultimate goal is to strengthen the roots of Parliamentary Democracy in the country and to make it more effective in solving the socio-political and economic problems of the country.

Rules of Business of the Department :

1. Regulation of relation between the Executive and the Legislature and summoning and prorogation of the West Bengal legislative Assembly and programme of business of the Assembly.
2. Notification of assent to Bills.
3. Matters relating to the Commonwealth Parliamentary Association.
4. Matters relating to the establishments of the Legislative Assembly Secretariat.
5. Scrutiny of and advice on procedure in the Legislature.
6. Administration of the office of the Chief Government Whip.
7. Matters relating to Youth Parliament Scheme for Schools and Colleges.

This Deptt. does not have any Subordinate Office below the State Secretariat. However, the scheme is implemented with the active help and direct involvement of District Magistrates, District Inspectors of Schools (SE) and Director of Public Instruction, West Bengal. Continuous review of the activities is made through telephonic interaction with the Officers of Education Department at District and State levels and general administration of the District.

Workshop/training is arranged in July/August in Kolkata for preparatory activities of the year. This is followed by Workshops in the District.

We do not have any GOI Scheme.

The calendar of the Department is set below:

MONITORING OF THE IMPLEMENTATION OF THE ACTIVITIES INCLUDED IN THE ADMINISTRATIVE CALENDAR

Multi-layered monitoring system will be put in place to continually monitor the activities included in the Administrative Calendar so that the targets set for the year are achieved both in physical and financial terms. The first layer monitoring and review of the activities will be done by the executing organisations i.e. the State Public Sector Undertakings, the Directorate(s) and the subordinate offices under the administrative control of the Department. The second layer of monitoring and review of progress of implementation of the activities will devolve on the Additional Secretary /Commissioner(s) in the Department looking after different Branches of the Transport Department. The third layer monitoring will be done by the Principal Secretary, Transport Department, in monthly review meeting(s) with all the officers of the Department, Heads of the State Public Sector Undertakings, Directorates and other subordinate offices under the administrative control of the Department. Monitoring and review of the activities at the level of the Minister-in-charge of the Department will be undertaken once in a quarter. Weaknesses, if any, in implementation of any of the activities will be identified and remedial steps taken.

MONTHLY REPORT ON PROGRESS OF IMPLEMENTATION OF ACTIVITIES INCLUDED IN THE CALENDAR

Report on the pace of progress of implementation of the activities included in the Calendar will be obtained from all the implementing Bodies/Organisations by the 7th of every month. Data received from the SPSUs, Directorate(s) and the subordinate offices will be analysed at the State HQ, and they will be suitably advised to make course corrections, if needed, so that there is no shortfall in achieving the targets -both physical and financial.

PHYSICAL SUPERVISION AT GROUND LEVEL

Visits by the senior officers of the Department will be undertaken to physically monitor work at the ground level and to have interface with the public to make assessment of the impact of the activities undertaken by the Department, the quality of service being catered and the level of satisfaction of the people. Based on the inputs received from the ground level policy initiatives will be taken to make mid-term course corrections, if felt necessary.
